**FIRST ORDER OF BUSINESS**

**SECOND ORDER OF BUSINESS**

**Oath of Office for Newly Appointed Supervisors**

Mr. Williams stated that he is a Notary Public in the State of Florida and is authorized to administer said oath (located behind tab 1). Mr. Williams will also be signing the affidavit that will go in the District files. Mr. Williams further stated that he would read the oath and then asked each Supervisor to raise his or her right hand and swear or affirm that he or she solemnly swears or affirms to support, protect and defend the constitution and government of the United States of America and of the State of Florida; that you are duly qualified to hold office under the constitution of the State and that you will well and faithfully perform the duties of Supervisor of The Groves Community Development District on which you are now about to enter.

The record will reflect that all three Supervisors present so swore and affirmed.

**THIRD ORDER OF BUSINESS**

**General District Items and Overview**

Mr. Williams stated that he would like to give a brief overview of District Responsibilities and Purpose (located behind tab 2), Chapter 190 (located behind tab 3), and the function of a community development district and your role in it to make sure everyone is familiar with the scope and purpose behind the District.

These are units of local government and, in your role as Supervisor, you are basically the same as any other elected official. We operate under Chapter 190 of the Florida Statutes and as such we have to follow all those rules plus all the additional Statutes included by reference to 190. There are a couple of basic items that we need to ensure that are brought out up front. One is that the operation of this District and your operation as Supervisor is governed by the

Sunshine Law in the State of Florida, which means discussions of policy between Board members not in a public forum, is prohibited. It is important to know that all the activities of this Board are to be held in a public forum; meetings that are held, as today's meeting, will be noticed as a public meeting, any members of the general public are cordially invited to attend, sit in, and participate as appropriate. The Sunshine Law is probably the main governing Statute for the individual supervisor. Also, each Supervisor will need to complete a Form 1 Financial Statement and return to the District Office. The forms will then be submitted to the Supervisor of Elections in the County in which the Supervisor resides. The form will ask you to identify your sources of income.

Additionally, the District has to operate, again, as any other county, city or municipality in terms of operating under Consultants Competitive Negotiation Act, so we have to bid jobs out according to statutory requirements and thresholds, etc. There are hosts of other legislation that we have to follow; however, we will not go through all of them, but these are the two primary items that must be brought to your attention.

Mr. Williams summarized by stating, the way this works is, if your local city or county can do it, generally, you as this Board, are allowed to do the same kind of activity. The manner, in which they do, is generally the manner in which we will have to operate under as well. That's generally the guidelines, obviously we refer to statutes for specific items. If there are no questions with regard to that, we will go onto the first organizational item, which is the election of officers.

Mr. Williams further stated that Resolution 00-11 also adopts a Developer Funding Agreement (Exhibit B) which is necessary because the District requires funds to operate. The Developer will only have to pay for what is actually expended. Per governmental accounting practices, any fees that are incurred during the balance of this month will be charged to this fiscal year, even though they will not be paid until the next fiscal year. Mr. Williams asked if there were any questions regarding this resolution. A question was asked about what would be required from the Developer after approving the resolution. Mr. Williams answered that \$7,247 would need to be funded for working capital that will pay for some bills this month and also covers invoicing for the following month.

We are proposing that the public hearing for this be set on November 7, 2000 in conjunction with the regularly scheduled Board meeting. This resolution also authorizes District Management to do the appropriate advertising for the public hearing. There is also a funding request, which would call for the Developer to fund the shortfall of the operation for next year based on the approved budget. The Developer will only have to pay for what is actually expended. Mr. Williams asked the Board if there were any questions. Hearing and seeing none, he asked for a motion to approve.

On MOTION by Mr. Scott Brown, seconded by Mr. Bob Brown, with all in favor, the Board adopted Resolution 00-12 approving the Fiscal Year 2000/2001 Proposed Budget and setting a Public Hearing and adopting a Developer Funding Agreement for The Groves Community Development District.

Uniform Rules of Procedure – Resolution 00-13

Mr. Williams stated that the next item for discussion is Resolution 00-13 to set the date, time and place and authorize publication of notice of public hearing on the Uniform Rules of Procedure. As a matter of information, the Districts are required by Statute to adopt Uniform Rules of Procedure in compliance with Chapter 190 and Chapter 120 which refers to the administrative code of the State of Florida in regards to the uniform rules of procedure. Notification of the public hearing to adopt these rules be published at least 28 days in advance of the hearing. N. Set forth policy re: Support and Legal defense for Board Members and District Staff -  
Resolution 00-14

Mr. Williams stated that the next item for discussion is Resolution 00-14. Mr. Williams further stated that due to potential liability and risk of possible lawsuits, this resolution would provide that the District would cover any defense for the Board in case of a suit brought against them. The District would not support or pay for any illegal activities, malfeasance, willful neglect, misrepresentation of material facts, etc. After this resolution, the Board will allow District staff to collect bids for public liability insurance. The Community Development District, like any other governmental entity, has sovereign immunity which means that lawsuits are pat between \$100,000-\$200,000 aggregate. However, that stems from normal liability issues and does not extend to federally based suits such as civil rights violations, discrimination, fair housing act violations, etc. Therefore, the Board will be presented with several different options: one carrier who will write you a public officers' liability policy at whatever level you want without impacting the liability for the association. There is another carrier that will mandate \$1 million in liability for the Officers and the Board; you have to have \$1 million coverage for your whole general liability policy. The Board will be able to review these options for the next meeting. District staff's recommendation is for the \$1 million coverage for the public officials. Mr. Williams asked if there was any discussion regarding Resolution 00-14. Mr. Williams was asked to describe again what Resolution 00-14 is. There were no other questions, and he asked for a motion to approve the resolution.

On MOTION by Mr. Scott Brown, seconded by Mr. Bob Brown, with all in favor, the Board approved District management to obtain bids for Public Officers Liability Insurance for The Groves Community Development District.

- O. Approve Notice of Establishment – Resolution 00-15

Mr. Williams stated that the next item for discussion is to approve the Notice of Establishment. By law, 30 days after the District is established, they must file a Notice of Establishment because the state of Florida wants a safeguard that, for resales, there is a legal notification to the general public that they are aware they are buying into a community development district which has the ability of levying taxes and non ad-valorem assessments.

On MOTION by Mr. Scott Brown, seconded by Mr. Bob Brown, with all in favor, the Board approved Resolution 00-15 for The Groves Community Development District.

- P. Authorize RFP for District Engineer

Mr. Williams stated that, by Statute, to obtain the services of a District Engineer, we are required to request proposals which needs to be published in the Legal Classifieds. The proposals will request documentation from engineering firms who respond with statements of qualifications of the firm and the individuals involved. There is no pricing involved at this point. The firms would be supplying Form 254 and 255 which lists the qualifications of the firm and of the personnel on their staff who would be working with the District. The Board will be able to weigh the qualifications and make the appointment of District Engineer. Mr. Williams asked if there was any discussion or questions regarding this issue. Mr. Morrow described the Engineer's Report and asked the Supervisors if they had any questions. Mr. Williams asked Ms. Lydia Brown about her changes, and she stated that Mr. Morrow had covered them. Mr. Williams stated that the Board make a motion to approve the Engineer's Report as presented, with the contingency that any legal changes may need to be made at the advice of District Counsel, Bond Counsel, Financial Advisor and/or Investment Banker. This includes the underwriter's discount, cost of issuance, funding the capitalized interest and debt service reserve fund accounts also. For the purpose of the resolution, the not-to-exceed amount was rounded up to \$25,000,000. Mr. Williams reiterated that the resolution authorizes the District to issue not-to-exceed \$25,000,000 in bonds for the purposes of financing, construction and acquisition of public improvements and community facilities as would be permitted under Chapter 190.
